1 usBIM.meet

usBIM.meet is an application integrated in usBIM, video meetings, web conferences and desktop sharing to collaborate online with the work team and share data and applications in the cloud.

1.1 Room Creation

From the Applications menu (arrow 1 Figure 1) you can access the service "by clicking on the "usBIM.meet" icon.

(Arrow 2 Figure 1);

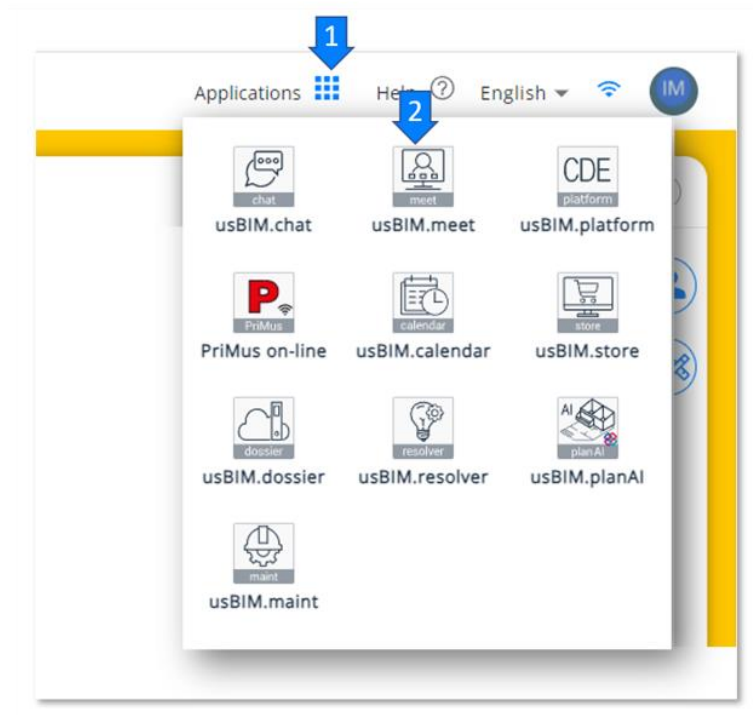

Figure 1. UsBIM.meet section

A window like the one shown in (Figure 2) will open. The user must enter the name of the room and can share, with the work group, the link, forwarding it or by email, or by chat.

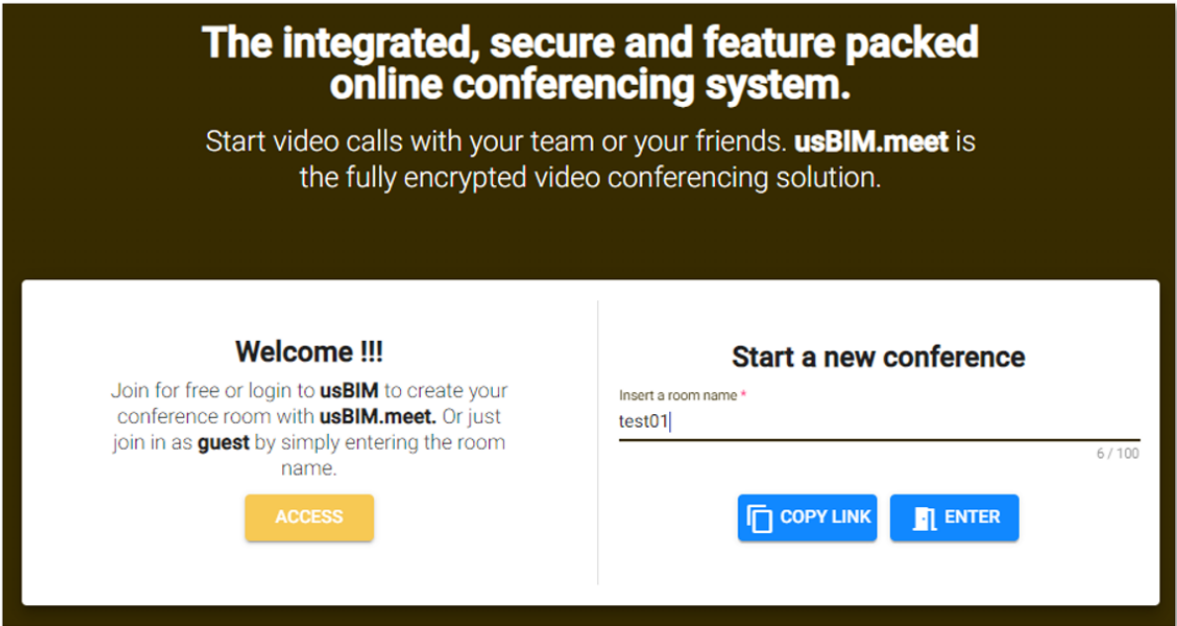

Figure 2. Room Creation

To start the meeting, simply click on "Enter" and a new window will open that will allow you to access the management of the preliminary settings for the start of the meeting. (Figure 3).
